

Parent Newsletter Term three 2009

A Message from the Principal

Year Eleven students are currently out in their work placements, and are doing very well. They have just finished their yearly exams and have shown them the preparation they need for higher school and more importantly the time management skills that is required to follow the program. I am very happy with them as a cohort.

Year Twelve students are currently out in their work placement and will come back next term to do their HSC. Please remember that our website www.atccwnsw.edu.au with the password "yourfuture" will access the calendar with the dates of the exams that they need to know.

Ms Judd has offered to drive the students in our school bus to the Senior Campus for their first exam. Students will need to meet at our college by 8.45am.

Once exams are over and all textbooks, outstanding monies and equipment are returned the students will be issued with their final school reports and references. Money for their Year 12 Jersey, \$85.00, will also need to be paid.

We are planning a combined Year 11 and 12 **end of year awards** luncheon on the 16th December 2009. If any Year 12 student requires information before then, please contact the college and we will do our best to comply.

School reports are included in this mail out. Year Eleven reports are end of year and show their full Preliminary results. The descriptors break down topics covered over the year. The overall mark and result is based on 50% examinations and 50% class work. Year Twelve reports will be finalised shortly.

Congratulations to all our graduating class and well done for the efforts they have made to get to this point. They have set the benchmark for School based Apprenticeships in the Central West. Their efforts and commitment have allowed us to build a model under the Central West Trade College, and is now already oversubscribed. Next year we have 52 applications for enrolment already and advertising will begin shortly.

Our new slogan is SKILLS YOU CAN TRADE ON.

We are looking at student using their abilities to become trades people. With TAFE, Senior Campus and MAGS on board we are moving into a very promising model.

Building has commenced at TAFE and should begin very soon at Senior Campus.

Shai Copelin and Claire Hammond continue to shine. Shortly I will have some news about the next set of awards that they have been nominated for. Shai has applied for the Ben Chifley Scholarship. Claire is a finalist for “Apprentice of the Year” at the 2009 Rhinos, and the winner will be announced on the 16th October 2009 at the gala dinner.

Congratulations to Tom Smith who has been offered a full apprenticeship at Heyer Ford.

Our new website has been designed and looks terrific – it will be launched soon.

Below is a **list of the community businesses** that are supporting our College.

<p>AKE Electrical and Data Installation</p> <p>Ben Mosley</p> <p>Central West Group Apprentices and Dubbo City Council</p> <p>Chesterfield Australia</p> <p>Countrywide Industries</p> <p>Custom Steel</p> <p>David Payne Constructions</p> <p>Dubbo City Welding Works</p> <p>Dubbo Terrazzo & Concrete Industries</p> <p>DME Electrical</p> <p>Fletchers International – Electrical</p> <p>Gilgandra Motors Sales and Service</p> <p>Gletan Restorations</p> <p>Golden West Holden</p> <p>Heyer Ford</p> <p>Hydraulic & Tractor Services</p> <p>JME Electrical Services</p>	<p>JLE Electrical</p> <p>Joseph French Building</p> <p>Matthew Lack Building</p> <p>Orana Gardens Lodge</p> <p>Peter McClure Electrical</p> <p>Rawson Constructions</p> <p>Soil Conservation</p> <p>Star Auto</p> <p>State Wide Sheds</p> <p>Strathbrook Regional Service</p> <p>Dubbo Terrazzo and Concrete Industries</p> <p>Taylorred Kitchens</p> <p>Welbuilt Constructions</p> <p>Wellington Council Fleet Management</p> <p>Wellington Soldiers Memorial Club</p> <p>Western Electronics</p> <p>Western Plains Automotive</p>
